Importance: High

Mr. Villa,

Much thanks for your message.

By cc, I am asking our contractor for the environmental impact statement (EIS), Mr. Tim Murphy of Entrix, to work with you in this regard as the point of contact. For anything non-routine or policy-related, please do continue to feel free to contact me directly.

I am also cc'ng Ms. Joan Heredia, my contact at Sempra, the project proponent, to make her aware of your concerns and to encourage her to cooperate with you and Entrix to resolve these issues.

Also, please note the project EIS Web site, <http://esjprojecteis.org>, for information on the project; you may wish to subscribe to the e-mail list-serve, which is our primary means of public communication of news and site changes.

I hope this is responsive to your needs.

Best regards,

Dr. Jerry Pell, CCM

Subject: Energía Sierra Juarez U.S. Transmission

Sir,

Can you please provide me with some information and/or a POC regarding the proposed ESJ lines?

1.. Who do I need to ask to notify us when they start the actual construction on the towers? Specifically due to flight safety (hazards to terrain flight).

2.. Who do I need to coordinate with to request marker balls in certain canyons throughout our sector?

I have been and still am working with SDG&E regarding several of their 500kV lines through our sector and although most towers don't meet the FAA designated lighting/marker requirement they have agreed to our request to install them anyways. I am hoping to negotiate the same with this project.

I don't know if Ms. Carol M. Borgstrom would be able to assist me on this specific request but if you think so can you let me know and provide me with her email?

Thank you very much for your time and assistance and I hope to hear from you soon.
